Subject: Re: Alliance to Prevent the Abuse of Medicines - Draft ONDCP Slides

Minor suggestion on slide 3 bullet 3 first sentence. Could we insert the term "consensus" eg. "Lawmakers have not had an industry -based organization to turn to for consensus driven policy solutions to address prescription drug abuse and diversion."

Tees up an opportunity to reference PDSA (pharmaceutical distribution security alliance) as an example of a multidisciplinary coalition that worked together to help draft and secure passage of the Drug Quality and Security Act.

Good luck in the meeting today.
